Approved by the board of directors on February 21, 2006 and signed on its behalf by: Micky Arison Howard S. Frank

Within the DLC structure the most appropriate presentation of Carnival plc's results and financial position is considered to be by reference to the U.S. GAAP consolidated financial statements of Carnival Corporation & plc, which are included within the Carnival Corporation & plc 2005 Annual Report (see note 1).

## **Notes to the Summary Financial Statement**

#### 1. Basis of preparation

On April 17, 2003, Carnival Corporation and Carnival plc (formerly known as P&O Princess Cruises plc) completed a dual listed company ("DLC") transaction (the "DLC transaction"), which implemented the Carnival Corporation & plc DLC structure. The DLC transaction combined the businesses of Carnival Corporation and Carnival plc (collectively known as "Carnival Corporation & plc") through a number of contracts and through amendments to Carnival Corporation's articles of incorporation and by-laws and to Carnival plc's memorandum of association and articles of association. The two companies have retained their separate legal identities, however, they operate as if they were a single economic enterprise. Each company's shares continue to be publicly traded; on the New York Stock Exchange ("NYSE") for Carnival Corporation and the London Stock Exchange for Carnival plc. In addition, Carnival plc American Depository Shares are traded on the NYSE. The contracts governing the DLC structure provide that Carnival Corporation and Carnival plc each continue to have separate boards of directors, but the boards and senior executive management of both companies are identical. Under the contracts governing the DLC the Carnival Corporation & plc consolidated earnings accrue equally to each unit of Carnival Corporation stock and each Carnival plc share.

In order to provide the Carnival Corporation and Carnival plc shareholders with the most meaning-ful picture of their economic interest in the DLC formed by Carnival Corporation and Carnival plc, consolidated financial statements and management commentary of Carnival Corporation & plc have been included in the Carnival Corporation & plc 2005 Annual Report. The consolidated Carnival Corporation & plc financial statements have been prepared under purchase accounting principles whereby the DLC transaction has been accounted for as an acquisition of Carnival plc by Carnival Corporation. These consolidated Carnival Corporation & plc financial statements have been prepared under U.S. GAAP on the basis that all significant financial and operating decisions affecting the DLC companies are taken on the basis of U.S. GAAP information and consequences.

The standalone Carnival plc UK GAAP Summary Financial Statement is required to satisfy statutory reporting requirements in the UK and does not include the results or net assets of Carnival Corporation. However, the Directors consider that within the DLC arrangement the most appropriate presentation of Carnival plc's results and financial position is by reference to the U.S. GAAP financial statements of Carnival Corporation & plc, which are included in the Carnival Corporation & plc 2005 Annual Report that accompanies this document.

Carnival plc has a single business of operating cruise ships and North American related landside assets under various brand names as follows: Holland America Tours and Princess Tours in North America, Costa, P&O Cruises, Swan Hellenic, Ocean Village and AIDA Cruises in Europe and P&O Cruises (Australia) in Australia and New Zealand. In addition, Carnival plc operates the Cunard brand, approximately 60% of the results of which are generated in North America with the remainder primarily arising in Europe.

#### 2. Loss on disposal of ships

During 2005 as part of a redeployment of vessels between the UK and North America, Carnival plc sold the Adonia to Princess Cruises. The sale resulted in a UK GAAP loss of \$12.6m for Carnival plc. In the Carnival Corporation & plc consolidated financial statements no loss arose because the transfer was between companies within the DLC.

On December 14, 2005, Carnival plc entered into an agreement to sell the Pacific Sky. The net sale proceeds will be approximately \$19.4m less than the UK GAAP carrying value, and thus a provision in anticipation of the disposal has been made in the 2005 results. The U.S. GAAP Pacific Sky carrying value is less than the net sale proceeds and, accordingly, no provision in anticipation of disposal was recorded in the 2005 Carnival Corporation & plc consolidated financial statements.

## Notes to the Summary Financial Statement

# 3. Merchant Navy Officers Pension Fund ("MNOPF")

A number of Carnival plc's operating companies are participating employers in the MNOPF, an industry-wide multiemployer defined benefit pension scheme. The New Section of the fund, which is closed to new membership, has an actuarial deficit, however the extent of each employers' liability for any ultimate deficit is uncertain. Following a March 2005 court ruling the Carnival plc group ("the Group") is currently estimated to be liable for approximately 2.5% of any fund deficit, after apportionment to Princess Cruise Lines Ltd for participation by its employees in the fund. At March 31, 2003, the date of the most recent formal actuarial valuation of the New Section, prepared by the MNOPF's actuary, the Group's estimated 2.5% share of the fund deficit was approximately \$7.6 million, assuming a 7.8% discount rate. During August 2005 the Group received invoices from the MNOPF trustee requiring payment over the next ten years of \$11.0m, representing the trustee's revised estimate, at that time, of the Group's share of the deficit. At November 30, 2005, Carnival plc's independent actuary informally updated the March 31, 2003 valuation for UK accounting purposes, and estimated that the Group's share of New Section deficit could increase to \$29m, assuming a 4.8% discount rate. The amount of the fund deficit could vary considerably if different assumptions and/or estimates were used in its calculation. It is possible that the fund's trustee could invoice the Group for additional amounts in the future for various reasons, including if they believe the fund requires further funding. In the Carnival Corporation & plc consolidated financial statements a provision of \$23m was made, which represents the MNOPF trustee's calculation of its share of the entire MNOPF liability. Further details of the circumstances of this pension scheme are included in note 13 to the Carnival Corporation & plc 2005 Annual Report.
